**AFFIDAVIT**

Plaintiffs,

-against-

GENERAL ELECTRIC COMPANY, MONSANTO  
COMPANY, PHARMACIA CORPORATION and  
SOLUTIA, INC.,

Defendants.

-----X

Vincent Riggi, being duly sworn, deposes and says:

That I am one of the named plaintiffs herein. I presently reside at 2138 Campbell Avenue, Schenectady, NY 12306 and I have continuously resided at this location for the last 33 years.

That I was not aware that PCBs contaminated my property until I was advised of the results of testing of soil samples collected from my property on or about April 20, 2006. I was thereafter advised of the results which revealed elevated levels of PCBs on my property. Prior to obtaining these results, I had absolutely no knowledge that PCBs were being emitted from the General Electric Main Plant and were contaminating my property. I was never advised by anyone that my property, and the residents thereof, were exposed to PCBs from any source.

That I never learned from any media source that any health problem, or potential health problem,

existed in connection with PCB contamination and exposure from the GE Main Plant.
